OLD BUSINESS:

The Mayor stated to the Board that they would wait to see if anyone from the Public showed up to discuss the Bond Issue that will be on the November 8, 2022 ballot before starting that portion of the meeting.

Andy Novinger with Anderson Engineering brought a summary of the City's proposed improvements for the Water and Sewer System. He then updated the Board on the grants the City had applied for and what would be available through the Department of Natural Resources (DNR) and The United States Department of Agriculture (USDA) among others. He said that the Cities with the greatest need and the worst problems would be the ones that were awarded the grants first. He is hoping to know if the City of Diamond will be awarded any grants sometime in late November or early December of this year.

The Mayor gave a brief review of the projects that the City is hoping to accomplish in the near future.

After the Board waited for anyone from the Public to arrive at the meeting, it was determined to adjourn. No one from the public was in attendance.
